

Virtual trouble shooting guide for classroom support for iPhone and iPad

Step 1: Make sure that your device is connected to the same network as Airserver (IIT-SSO).

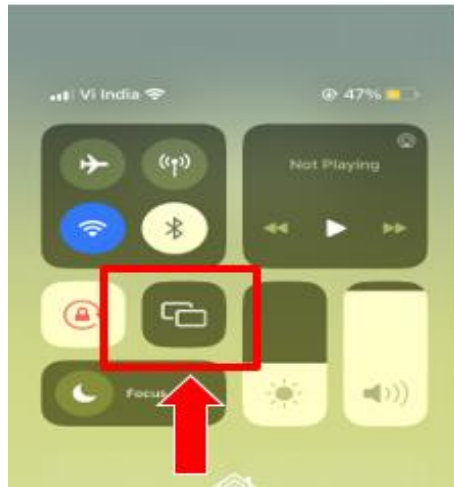

If not please login with your network Id and password in <https://internet.iitgn.ac.in/PortalMain>

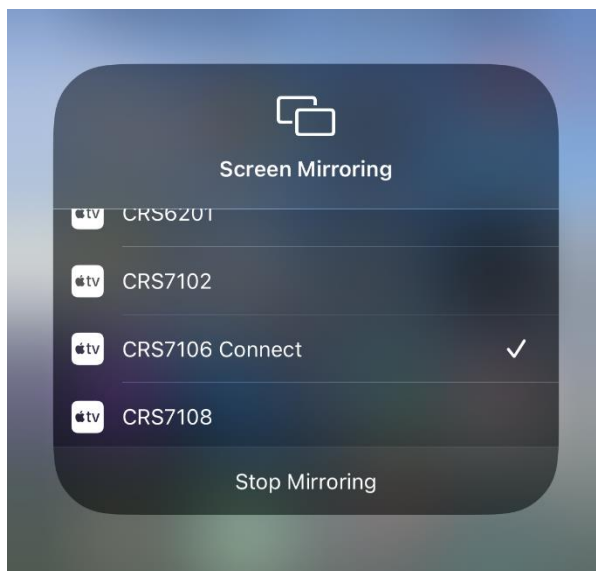

Step 2: Please download air connect if not available in your device.

Step 3: Open your control center from your iPhone or iPad. Select Screen Mirroring icon.

Step 4: Connect to the Classroom you want.

Step 5: Enter the code displayed on the screen.
